BREVITIES.

Pruning and gardening tools at Lange & Schmitt's.
Paints and oils, the best and cheapest, at Lange & Schmitt's.

The Reno Dramatic Club will tell you how to laugh and grow fat.
Garden hose and lawn mowers at San Francisco prices at Lange & Schmitt's.

Try the Reno Dramatic Club's specific for the blues; no cure no pay.
Plumbing and tinning and water pipe the lowest at Lange & Schmitt's.

Reports from United States Weather Bureau give Wednesday as fair and warmer.

Travel on all trains last evening was very light and few persons were obtainable.

Hon. J. F. Emmitt arrived from his northern country ranch yesterday and remained over.

Only 50 cents to see it "From a Woman's Standpoint"—it would be cheap for half that.

Mrs. F. M. Rowland and daughter Mrs. E. H. Smith of Long Valley, are visiting friends in Reno.

Sheriff McGregor of Nye county brought in an insane man named Wm. Rice and delivered him at the Asylum.

Louis Bevier has accepted a position with H. J. Thyne, where he will be pleased to meet his friends and acquaintances.

If our local office seekers want pointers let them get them from a "Woman's Standpoint" Friday evening, April 23rd.

All interested in woman suffrage should not fail to hear it expounded from a "Woman's Standpoint" by one of 'em.

Mrs. M. Nathan was reported some better last night, although her condition in the afternoon seemed to be critical.

Porter and 'alf and 'alf on draught at the Wileand Brewery at 5 cent a per glass; also porter at wholesale. Leave your orders.

The genial hobo is making matters pretty lively for the Reno officers just now. Every incoming train brings a small installment.

Louis P. Boardman arrived from the northern country and spent the day here yesterday, leaving for San Francisco in the evening.

A good tale is none the worse for being twice told. A Park cigar is an honest exchange for a nickel at Becker's Model stationery store.

A purchaser at the Nevada Hardware and Supply Company can get more for the amount of money invested than at any other store in the country.

Henry Riter's Elite is the commercial center of town. Men in all walks of life meet there at the lunch hour and exchange views. His goods are A. 1.

The Porteous Decorating Company carries a complete stock of artists materials, also window shades and curtain poles. Window glass out to any size.

Ex-Governor H. G. Blaisdell arrived on the V. & T. last night and continued west. He has been looking over the possibilities of American Flat.

Hastings' superb brass band will introduce new music at the Odd Fellows' anniversary ball on the 26th inst. The music alone will be worth the price of a ticket.

Just received the best stock of furniture, mattresses, baby buggies, carpets, etc., ever brought to Reno at Needham's Furniture Store, Virginia street.

Donnels & Steinmetz are agents for the new Wheeler & Wilson ball bearing sewing machines, which they sell at San Francisco prices. Don't fail to see them.

Call at Muller & Stumpf's Pabst agency for fine California and imported wines for family and medicinal purposes. Sherry, port, muscatel, angelica and all dry wines by the gallon. Open every day until 7 o'clock.

T. T. Tennant, a Carson raised boy and for a long time in the employ of the News office, arrived last evening on his way to Elko to take a place with the Independent. Tom is a good boy and his many friends will wish him success.

At the Riverside yesterday—Louis P. Boardman, Mrs. C. E. Merrick, E. E. Ubanks, and P. H. Freely, all of San Francisco; J. C. Pierson, Sacramento; Chas. McGregor and P. Frazier, Belmont; J. Goldsmith, New York, and T. J. Hurley, Virginia.

A Nelson will sacrifice his stock of furnishing goods in order to make room for new goods. Now is the time to get bargains. Call at his store on Virginia street. Free employment office connected with the store.

As a rub-down before or after athletic work I want nothing better than the liniment Trib. It is also an ideal remedy for bruises and sprains.

A. O. HELMOLD, Reno, Nev.
Mr. Helmold is an amateur athlete of the first class.

Harry Bradley and two companions nearly met death at Dayton yesterday. They were painting the inside of the cyanide tanks and were overcome by the fumes, but were rescued before life was extinct. The other two soon recovered, but Bradley is said to be in a dangerous condition.—News.

Differences Should be Adjusted in the Interest of the Public.

There seems to be an idea that there will be a clash of authority between the Board of Commissioners and the City Fathers owing to the new incorporation act. County and city officers are liable to have differences. A number of questions have arisen as to the authority vested and the requirements to be carried out. Such questions as the following may be heard:

"The streets of Reno are public highways; who will have charge of the repairs and from what fund will the expense be paid?"

"If the chief of police arrests a vagrant, does the county pay for his keeping, or the city?"

"If the iron bridge, which is a portion of Virginia street, falls down or needs repairs does the county pay the expense or the City of Reno?"

A number of similar questions have been propounded covering various contingencies, and while they seem of comparatively small moment, there is enough in them to create doubts and possibly confusion.

The people of Reno voted to incorporate at the last election and the majority rules, hence there should not be any serious misunderstanding, nor should a few who opposed the project put technical obstacles in the way.

The situation should be studied carefully and any differences that exist be adjusted and all work for the economic management of public affairs as well as the advancement of the town.

There will be some hitches, but if carefully considered by both boards a fair understanding can be arrived at without confusion or extra expense.

Suit Commenced.

The office Specialty Manufacturing Company has commenced suit against the county to recover the price agreed upon by the Commissioners for the purchase of the metal cases now in the Clerk's office. The amount contracted was close to \$1,500, and it will be remembered that the bill was divided in four several amounts of less than the statutory limit of \$500 and were all allowed at the same meeting of the Board.

Auditor Shearer vetoed the bills on the ground that the Board had acted without authority of law in entering into a contract above the limit provided, without first advertising for bids. The matter has remained unsettled since the Auditor's veto, hence the suit.

Now Ready for Business.

Frank H. Norcross has opened his law office in room 5 of the Nevada Bank building. He is too well known in Reno to need any introduction, having grown up with the town, served a term as District Attorney, also as a representative in the last Legislature from this county. His reputation as a lawyer is not confined to the limits of Washoe county, for he is known elsewhere as a successful attorney. He is now prepared to enter upon a general practice of his profession and will be glad to meet his friends at all reasonable hours. His card will be found elsewhere under "New To-day," and parties having legal questions to solve will do well to call upon him.

Prospects of Another Insurance War. Insurance men in California are at war again, the agents being the disgruntled ones this season, and the situation bids fair to be a lively racket unless a compromise is effected. The trouble arises over a proposed cut by the companies in agents' commissions, and a proposition is on foot to organize a Home Company at Sacramento, with a capital of \$1,000,000.

It kind of tickles a poor man to see these big corporations rowing among themselves. It gives him a chance to get in and reap some of the benefits that the rampus is sure to bring about.

Weather Service.

Through the courtesy of the local observer, R. M. Brambilla, the U. S. Department of Agriculture Weather Bureau will furnish daily bulletins of weather probabilities for the twenty-four hours following issuance of bulletins. The daily papers in Reno, also three or four prominent places in town will receive bulletins to be displayed for the benefit of the public. The information will be of great advantage to the farmers as well as others, and Mr. Brambilla's enterprise and thoughtfulness in this direction is to be commended.

On an Official Visit.

Mrs. W. W. Coffin of Dayton who is Grand President of the Robekah Degree of Odd Fellowship for Nevada visited the local lodge of that branch of the Order here last evening. Mrs. Coffin is the first president of the Nevada jurisdiction and is doing successful work for the organization. She expects to institute three lodges in the near future, one of which will be at De Lamar.

Articles of Incorporation.

Articles of incorporation were filed with the County Clerk yesterday under the name of the "Randsburg Exploration Company" with a capital stock of \$200,000. The incorporators are parties from San Francisco and Los Angeles and it is proposed to prospect and explore the country at Randsburg and vicinity with a view of discovering and developing mining properties.

Band Concert To-night.

Attend the University band concert to-night and encourage and assist the boys. A splendid program will be rendered. In addition to the musical features of the evening, Lieutenant Hamilton will deliver a lecture illustrated by stereoscopic views, subject "Wonders of Modern Warfare." Admission only 25 cents; place, Assembly Hall, University.

A Fractional Man on Trib.

No veterinarian on the Pacific Coast has had a longer experience, nor has any man had a more successful practice with horses than Dr. Burns, of Virginia, Nev.

He makes the following statement: Virginia City, Jan. 27, '97.

A valuable mare driven by Superintendent Lyman of the Con. Virginia mine on the Comstock Lode, had been in the stable unable to work, from the kick of another animal, received on the inside of the right foreleg above the knee. The skin had been broken and the muscles and tendons severely bruised. During a week's time I had given the limb such treatment, as from thirty years' professional experience I thought beneficial; but without avail. The leg was swollen to nearly twice its natural size, and the swelling would not yield to treatment. On Thursday evening, June 18, 1896, I made the first application of the liniment, Trib, thoroughly rubbing in half a six ounce bottle over the whole leg. I applied it regularly twice a day for the next three days. On the fourth day the mare went to work completely cured—the most surprising and satisfactory cure coming under my observation during a lifetime devoted to the treatment of horses.

During the past eight months, I have used your liniment regularly in my practice. Trib fulfills all its promises. An especially valuable feature of Trib is that while it has all the penetrating strength of the most powerful liniments it does not blister.

For love of the horse and the fellowship of horsemen, I offer this testimony. I know that Trib will benefit both.

A Chinese Notable En-route.

Wu Ting Fang, the Chinese minister, accompanied by his suite, passed through Reno yesterday enroute to Washington. He and his party occupied a special car and were in charge of R. K. Gordon. Upon arriving here he stepped from the train and promenade up and down the platform, closely observing what was going on and looking over as much of Reno as he could see from the depot. He was very courteous and talked pleasantly to those about him, seeming desirous of gaining information regarding the town and locality.

Diphtheria Cure.

The testimony of a prominent physician: FOUNTAIN CITY, Ind., June 17, 1895. This certifies that I have been using V. O. in my practice. I have never found any medical preparation in 48 years of practice that is calculated to do so much good in so wide a range of diseases and leave no after bad effects.

In Diphtheria it has proved a perfect specific in my hands, and I had rather depend on it alone in that dreadful disease than the whole popular *Medicina Medica* with that left out.

The Ideal Panacea.

James L. Francis, Alderman, Chicago says: "I regard Dr. King's New Discovery as an ideal panacea for coughs, colds and lung complaints, having used it in my family for the last five years, to the exclusion of physicians' prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave such a speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at S. J. Hodgkinson's Drug Store.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for constipation and sick headache, and as a general system tonic it has no equal."

Mrs. Annie Stehle, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and \$1. Get a bottle at S. J. Hodgkinson's drug store.

The Viavi Cause.

It is impossible to take Viavi into the system without benefit. It is purely vegetable and as a nerve and tissue builder has no equal. It can be used with perfect safety by the most delicate, and is used upon the smallest children.

Patrons of the remedy can consult our physicians free of charge. I will take pleasure in explaining its various uses to all who may call.

Manager Piper is considering the matter of taking the Reno Dramatic Club to Virginia shortly to present "The Ensign," also "From a Woman's Standpoint." The last play will be given at the Opera House April 23d, next Friday evening.

Aleck Dromiack is becoming enthused over the Greco-Turkish war and is hunting up all of the old swords that he wore into this country on his arrival here, believing that he can raise a company of volunteers and return to his native land and go the Turk's round. He says he don't care what position he holds so long as it is captain.

A Fling at Sorosis.

Sorosis had a gala day in New York on a recent Monday, when the new president, Mrs. Hall, was installed. All this was formal business, but an unconventional break that occurred created a laughing quater of an hour.

As the retiring president, Mrs. Helmut, was thanking the club for their kindly expressions of esteem a letter was handed her, marked important and to be read to the society. She opened it and found it to be a poem from her husband, Dr. Helmut, to Sorosis. It runs as follows:

Who stole my wife by day and night
And sent her home in every plight,
A most did upstaid sight?
Sorosis!

Who bade me all alone to stay
And eat my luncheon from a tray
In the saloon across the way?
Sorosis!

Who taught my pious lips to swear
When I put on my underwear
And found a button was not there?
Sorosis!

Your president bought gowns so fine
In which on "social days" to shine
For your enchantment, not for mine,
Sorosis!

But now she's left the honored chair,
I shan't I shan't the better fare,
What comes to you I do not care,
Sorosis!

No more the victim I shall be,
My wife at last returns to me,
For who I've got you "up a tree,"
Sorosis!

Three years have passed, and, thank the Lord,
A new term you can't afford,
Behold my triumph doubly scored,
Sorosis!

Glass Garments.

Glass seems to be the coming fabric for dresses, and even undergarments. In Venice an enterprising manufacturer is turning out a textile from the threads of spun glass of which dresses, bonnets and curtains are made. The woman who adopts this novel fabric will be quite independent of the cleaner and the landress, as the garments of this material need only be cleaned with soap and water. They are practically indestructible, neither fade nor crush, and can be had in lovely colorings and designs.

There is a peculiar sort of stone found in the depths of Siberia, which, by a patented process, is drawn into filaments and woven. This peculiar textile is thrown into the fire in order to cleanse it and possesses the indestructible properties of asbestos.

Both of these new materials take the most brilliant and delicate dyes and have a luster as exquisite as the finest silk.

She Studied Successfully.

Mrs. Mary E. Corbett, sister of Senator Joseph J. Corbett and one young manhood of ex-Representative Rosinsky, was the only one who passed out of the class of the class of the Boston University Law school just examined for the Massachusetts bar.

Mrs. Corbett, who was born in 1857 in the brother's city, and has continued to be pretty nearly ever since, has been a teacher in the Framingham school in Massachusetts since 1881. She studied in the law school of the University of California, and for the last year has applied herself for an hour or two before school in the morning, the will continue her school work for the present.

Art Tickings.

Art tickings is the name, and they deserve it, for the really beautiful fabrics into which the common bad ticking has developed. The original material had the two qualities of cheapness and durability to recommend it. These have been retained, and to them have been added beauty and variety of pattern and thoroughly artistic finish. The demand for college colors in upholstery fabrics is becoming more and more recognized, and it is possible to get these tickings in the colors of several of the best known eastern colleges. They come, too, in beautiful chintz and crotona effects and in Persian and other oriental designs.

—New York Correspondence.

Belts and Buckles.

The heavy harness belt, to wear with shirt waists has again made its appearance, but fortunately is a trifle modified, as a finer grade of leather with a hand to last year's style, which was so emphatically a piece of harness. Russian enamel belts, made in separate pieces and of most artistic color, look well with all shirt waists. Both dark and light enamel are to be had, and the different designs are manifold. These belts are not all expensive by any means and are always smart looking, both on silk and on crash waists.
